### Objectives

#### **Patricia Raymond, MD**

1. Explain the importance of quality endoscopy as it relates to colonoscopy.
2. Examine pre-procedure factors that may limit the colonoscopy quality.
3. Establish the role of endoscopy in pre-op evaluation of bariatric patients.
4. Identify the major endoscopic complication of a bariatric surgery and discuss safe management.
5. Identify the organ systems affected by diabetic autonomic neuropathy and describe the manifestations of neuropathy in the gastrointestinal tract.
6. Establish the prevalence and symptoms of diabetic gastroparesis, and understand the effects of poor glycemic control on both normal and neuropathic stomachs.
7. Examine why caregivers are prone to burnout
8. Develop your personal action plan

#### **Lisa McKay, RN, CRNA, CGRN, MA, EdS**

1. Describe the general classes of Medications that are important in gastroenterology, including general indications, contraindications and potential adverse actions.
2. Identify representative drugs used in gastroenterology practice, their respective generic and trade names and possible side effects.

This educational activity has been submitted to the Society of Gastroenterology Nurses and Associates, Inc. for approval. The Society of Gastroenterology Nurses and Associates, Inc. is accredited as an approver of continuing education in nursing by the American Nurses Credentialing Center's Commission on Accreditation.

Certificates will be distributed at end of seminar.

The ANCC does not allow number of contact hours granted to be published prior to approval: however, 60 minutes equates to 1 contact hour.

**TEMPERATURE IN MEETING ROOM MAY VARY  
PLEASE BRING A SWEATER.**

### Hotel Accommodations

The beautiful **Harrah's Hotel, Casino and Conference Center** in North Kansas City, Missouri is home for this year's Spring Seminar.
